**Re: Glynn v. TotalPrestige Inc.**

**Our File No.: 00248-0022**

Dear Ms. Alma,

We write on behalf of our client Bryan E. Glynn, a photographer, for purposes of resolving a case of copyright infringement against you by our client. This demand is privileged from disclosure pursuant to FRE Rule 408.

Please provide this letter to your general liability insurance carriers or other providers of insurance that may cover this claim.

*Bryan E. Glynn ("Glynn")*

Glynn is an experienced professional photographer. Glynn is a master of lighting with extensive experience in using both natural light and flashes to get spectacular results in any environment. Glynn also is the founder of CigarObsession (at [www.cigarobsession.com](http://www.cigarobsession.com)) and the producer of one of the most popular cigar video review YouTube channels.

Over the years, Glynn has worked in different areas of photography including architecture, weddings, models, landscapes, concerts, sports, and tabletop. Glynn has won many awards, both local and National, and his photographs have been published in magazines and newspapers across the country. Glynn's work can be identified at a glance for its crisp almost 3D look without using HDR; instead he uses off camera flash for dimension and pop, especially in his product work, which produces incredible details and dimension that stand out like a fingerprint for clients.

Glynn retains all copyrights to his photographs. Glynn licenses his copyrighted Works, such as the one in this case, for commercial use.

license violates the United States Code, Title 17, and The Copyright Act. The Copyright Act provides for entry of an injunction directing removal of the offending materials pending litigation. This letter shall serve as formal notice that you immediately cease and desist all unauthorized uses of our client's Work. Any such further uses shall be at your peril.

If you possess a contract, license, agreement or writing on which you will rely for authorization of your use of our client's Work, please provide us with this evidence so we may avoid further controversy or litigation. Otherwise, we will be forced to assume that your use violated the law.

#### *Damages*

Copyright law provides several different elements of compensation to Glynn when a work is infringed or altered. Section 504 permits Glynn to recover actual damages plus "any additional profits of the infringer that are attributable to the infringement and are not taken into account in computing the actual damages," or statutory damages of up to \$150,000 per work infringed if the registration predated the infringement. Glynn can present both damages theories to the jury and select the higher award any time prior to entry of judgment.

Academic studies have demonstrated that the use of good quality photographs more effectively market and advertise products and drive sales. Glynn's photographs are of the highest quality. Glynn's photographs are also scarce since he is one of the only sources of such quality photographs.

Glynn's damages are not limited to what he would have agreed to license the Work for prior to the infringement. Rather, Glynn's actual damages will be measured by the fair market value of the photograph considering TotalPrestige's use to sell and promote its business. Glynn's actual damages must be measured in light of TotalPrestige's use of Glynn's high quality and unique Work.

This is consistent with federal courts' approach to broadly construing the term "actual damages" to favor victims of infringement. See, e.g., *Davis v. Gap, Inc.*, 246 F.3d 152, 164 (2d Cir. 2001). The fair market value approach for calculating damages is an accepted approach to valuing the defendants' uses of photographs. See *Leonard v. Stemtech Int'l, Inc.*, Nos. 15-3198, 15-3247, 2016 U.S. App. LEXIS 15565 (3d Cir. Aug. 24, 2016). In addition, Glynn can offer evidence of the actual cost to take the photograph infringed on a time and materials basis.

Section 504 of the Copyright Act permits Glynn to recover actual damages plus "any additional profits of the infringer that are attributable to the infringement and are not

taken into account in computing the actual damages." Therefore, Glynn will also be entitled to TotalPrestige's profits from the infringement, based upon the revenue TotalPrestige earned in connection with the use of Glynn's Work.

Alternatively, Glynn could seek statutory damages for infringement in an amount of up to \$30,000 per work infringed if the registration predated the infringement. There is also the possibility that a judge or jury could determine that TotalPrestige's infringement was willful. If TotalPrestige's infringement was shown to be willful, the statutory damage award would increase to an amount up to \$150,000 per work infringed.

*Demand*

In order to determine how to proceed, please provide us with information and documents showing:

1. the full nature and extent of the use of our client's Work, in any and all formats;
2. representative copies in any and all tangible form and media in which our client's Work was incorporated or employed; and
3. the source of the Work.

Upon receipt of this information we will consider and determine an appropriate amount required to be paid to our client in compensation.

Please carefully consider this letter and the associated exhibits and provide them to your attorneys and insurance carriers. If we do not receive a response from you or a representative by April 25, 2019, we will take further steps to protect our client's rights. We look forward to your prompt response.

Sincerely,

**SRIPLAW**
